www.thetaskforce.org - **The National Gay and Lesbian Task Force (NGLTF)** mission is to build the grassroots power of the lesbian, gay, bisexual and transgender community. We do this by training activists, equipping state and local organizations with the skills needed to organize broad-based campaigns to defeat anti-LGBT referenda and advance pro-LGBT legislation, and building the organizational capacity of our movement. Our Policy Institute, the movement's premier think tank, provides research and policy analysis to support the struggle for complete equality and to counter right-wing lies. As part of a broader social justice movement, we work to create a nation that respects the diversity of human expression and identity and creates opportunity for all.
